## **Book Critic**

You are a book reviewer for a magazine. Your job is to report the facts about a story. Should others read this story? Why or why not? Who is the story about? Where does it take place? When does it take place? What happens in the story? Why and how do these events happen? Answer these questions to write a persuasive article that critically analyzes the book. Remember to include a catchy title that grabs the reader's attention, such as, "Sequatchie Sighting, Big Feet or Big Foot?"
