

Name _____

Date _____

Title: _____

1

2

3

A vertical film strip with three frames. Each frame contains a diagram of a microscope. The first frame is labeled '1', the second '2', and the third '3'. The diagrams show the basic components of a microscope: the eyepiece at the top, objective lenses in the middle, and the base at the bottom.

4

5

6

A vertical film strip with three frames. Each frame is blank, intended for a student to draw a microscope. The frames are labeled '4', '5', and '6' in the top right corner.
